Create your map in 2 ways

1. Use My Map App on your phone and share.
  2. Draw and photograph your map and share.
- See below for details.

# 1. USE THE MY MAP APP.

CREATE AN ONLINE MAP OF YOUR DAILY WALK/CYCLE, MAKING SURE TO INCLUDE SOME WRITTEN NOTES AND EVEN ADD SOME PICTURES.

Go to

<https://www.google.com/maps/about/mymaps/>

[Click here to see our 'How to' video](#)

- Create a map
- Name your map
- Add in address where you're starting from (maybe your street or a nearby place you begin your walk)\*
- 'Add line' to map your walking route
- Create your route by clicking and dragging the 'add line' tool around your route
- You can then add 'points' along your route and write about that point and add a photo to tell your story
- To share your map click on the share button and email your map & story to [mappinggreendublin@gmail.com](mailto:mappinggreendublin@gmail.com)

**Mapping Green Dublin will bring all the maps together to tell the story of your neighbourhoods.**

\* Mapping Green Dublin will not share individualised personal information.

## 2. DRAW A MAP.

DRAW A MAP OF YOUR CURRENT 2KM LOCAL WALK OR CYCLE ROUTE. DRAW ICONS FOR PLACES AND THINGS OF INTEREST ALONG THE WAY.\*

### Ask yourself...

- How do people get around: roller-skates, skate board, bike, shoes (are there anymore?).
- What places or things do you take notice of e.g. tree, building, shop, bench, zebra crossing, animals, birds?
- Why do you choose this route? What is your favourite part? What do you notice or have not seen before? Are there changes you have noticed e.g. new sounds, pollution or traffic?
- Photograph your drawn map of your area with the name of the street where you started your walk in Dublin 8 (not home address) and send to: [mappinggreendublin@gmail.com](mailto:mappinggreendublin@gmail.com)

Your map will form part of PLOTS community atlas for Mapping Green Dublin
